

*Humboldt University Berlin/Germany* (Institute of Human-Ontogenetics and Theory of Science)

1991-1994

PhD in Philosophy of Science (magna cum laude)

Title of the Dissertation: „Struktur und Selbstreflexion” [Structure and Self-reflection]

The subject of the PhD was a philosophical examination of the theoretical foundations of the physical theory of self-organization and the biological theories of autopoiesis and radical constructivism.
